NOTE—Statistics tell only a part of the story of your work. Use this space to tell of your efforts, problems, successes and spiritual compensations. This will help you get a perspective of your work, tell us how you are getting along and provide the promotion department with the story of your work to give to the whole church. Place your specific, immediate needs on a separate sheet.

April fool. This is the first time in years I wrote the report out the 1st day of the month. And this is April first! Well the old man is improving at last.

I notice by reports that my attendances are upped again over last month. Sorry but this month due to Presbytery, it will be down. I hope my program, had while gone will do a good job in spite of being absent.

Spent quite a bit of time this last month redecorating the church. It looks pretty good. The first four days we paid a substantial wage to help the needy. The next four days 3 of the 4 worked for nothing. They were proud of their job so was I. But paint & powder may cover up a woman's face but not the heart. It can't change it. Neither can paint on a church's inside—(Anti Pharisaeal) cover the defects of a building. I fear some morning when the birds are singing and everything is beautiful, some man or woman of weight, is going to find a peg protruding beneath the floor just inside the door. — Paint don't strengthen the floor. Neither will it replace the rotten corner studding of the building. A puff of wind or a good earthquake will do what you & I don't want done. — Paint don't cover the absent sill in the foundation material of the building either. — I say all these things to make administration feel good just before Spring Presbytery when half dozen churches are all after the same helpful allotment.

So far these 3 months we have not been thrown out. Might be yet, trying to subdue tempestuous kids. The most troublesome over Easter was the ^{bull} of a bootlegger. But he came around for the party next day. — Very helpful. By mid. May we will be saying, — Hope — a lovely 4 1/2 months! Bert J. Beagle
P.S. Had fair Easter services. The native attendance was good but the white was small due to sickness, late air plane and a fear they might crowd out the natives. Baptized 6 children Took into membership 8 young people & adults.

Place your specific, immediate needs on a separate sheet.

Apr. was a month of Prestytians so Programming is short. There was a let-down after Easter - usually is - but this here I feel was more due to fishing for a livelihood than a spiritual let-down. Our being gone did not help any either. On our return we had a good response however. - ie the 1st Sun. night.

One can't do much but "trial water" in 4 months work. Programming of longer Pastorals is simply out. With kids or with adults it is the same - only worse with the first group. These boys here need a good scout program - Too much "horse play" and breakage is getting into their spirit. The girls like me need a national youth Program to tie too, - Will have at least 4 - I hope - from our church at the Haines conf in June - maybe 2 from the church of God here.

Used considerable visual aid during these 4 months. Covered most of the rental by our title. Bible films and Alaska mission work Plus 4 standard oil films made up most of material used. These folks can't read and write in quantity. It has helped them to know the Bible and the church -

Not all our work here is to be bragged about! My ability to get along with kids who don't want to cooperate ~~cost much to demand~~. I always did demand discipline - now I am worse. - What do the experts have to say about the subject? —

Bert Bungle

Yakutat days are history, they were good days. The People there were better than I expected them to be. The Covenant Church gave them good training.

When we left we finished by having 5 girls work painting the floor of the church for $\frac{1}{2}$ of the travel to the Junior Hi Camp at Haines. They did a good job, even painted the old Rusty stove. Some day that building will be like the little man on the stairs who wasn't there.

The folks at the airfield are having a new chapel made up at the airfield. They will have services with our ministry, I hope. We should make it a definite part of our program. - I hope we might be able to help with S.L. - a Little Cater as we are Permanent.

Our attendances held up pretty well. Many were out fishing already. Cols Gas & oil moved down the beach 60 miles but as yet I understand they are not under operation.

Thank you Dr. & Brian for a Wonderful 4th mo.
Rev. B. J. Bingle

This will help you get a perspective of your work, tell us how you are getting along and provide the promotion department with the story of your work to give to the whole church. Place your specific, immediate needs on a separate sheet.

The month of June was spent constructing at the Harding Lake Camp plus managing the camp once campers arrived. The last one-half of the month the camp was used. First our own Presbyterian Group arrived.

One Sunday - if no clergyman was there to speak to campers or summer residents about the lake I held the services. It is a pleasure to hold services in our lovely camp chapel.

We need permanent song books for the chapel. I have a "kitty" started which should produce revenue for the song books. A special letter will go to Dr. Jackman for the same.

Rev. B. H. Bingle.

Place your specific, immediate needs on a separate sheet.

July work at the camp included construction, operation and some program. The camp looks bigger and better - but much physical work needs yet to be done. I had services most every Sunday for our Presbyterian folk who live at the Lake during the summer. An old time would drop in now & then but the congregation consisted almost entirely of new people.

Some progress has been made on getting ownership in the hands of our Presbytery - including a source of funds. The next step is up to Presbytery. Bert J. Bingle.

Place your specific, immediate needs on a separate sheet.

Was very busy at camp all month. We had our largest group the 1st week and one half of August. On Aug 11th tried to wash off some road oil off my car and hurt my back—greater than ever before. Needless to say I have been handicapped. Two old injuries I am sure not it one. 1953 when Rev. Alfsen fell off the top logs, when building the Tok manse, he fell on my head & shoulders. I saw him coming but knew he would be broken to pieces if I did not break his fall. He sure shortened up my 5 ft 4 in. The second was when I fell thru the ties in a snow storm & "heavy" trail walking from Suntrans to Healy for Services. Now I dare not stumble over a bread crumb. But still working.

Held services each Sunday at camp for those that were vacationing at the lake on Sundays, also aided in some camp work. Had a Fellowship night here at camp in the new house for those that live about the Lake. Rev. Munro was also here and took part in the festivities by having the prayer.

We have been working at the camp to put it in readiness for next year and completing some of the construction. Rev. Champlin's son Kenneth is helping put this house in readiness so one could live in it after a fashion to cold weather at least. The biggest need is a well. If water was had, one could get by even without electricity. We hope to have that by July next year.

Rev. B. J. Bingle

Place your specific, immediate needs on a separate sheet.

Getting started on a S. S. out from town brings back memories of a similar situation in the Matamoras Valley 1935. Some of these people have lovely homes, some of them we called on are living in skeleton homes—they are building shelters over their heads and walls to keep in the warmth as they live. They pack water many miles for drinking and snow flakes for melting are a welcome sight. We say Congratulations for the nerve! May God be close to you.

Our S. S. at 6 mile did not start with a bang or a boom. We were rather chagrined at first. Last Sunday we had 28 and I believe more will be coming as Sunday come and go. We may not have too much to brag about even by Easter. We will keep on trying.

Salish River Area has handicaps. There lost a few by not going after them continuously. When 90% of the time they rather play than come. Could be parents were gone the night before. We must blame someone for our actions. But the building is too cold and smoky & cluttered that do not dress correctly have excuses.

Other stay at home and lost pretty. I hope to improve that shortly. Now it is much to be desired.

MONTHLY NARRATIVE

NOTE—Statistics tell only a part of the story of your work. Use this space to tell of your efforts, problems, successes and spiritual compensations. This will help you get a perspective of your work, tell us how you are getting along and provide the promotion department with the story of your work to give to the whole church. Place your specific, immediate needs on a separate sheet.

December was cold - then hot! Too hot for this country this time of the year. It continued into January. Some of my calling which I did working up to Christmas was in quite cold temperature. It was hard on both car and gas. I see my bills are very high. My car quit its good performance and before I could get the cause run down I had almost doubled my operating costs of a normal time and medium temperature. I will put December bills in next month.

Folks are seemingly short on cash too. The offerings have dropped off averaging per individual. Some of the people are really "lying low" waiting work to open in the spring. Cause - Last Summer's Drought. If they "cook up" one out of Seattle this Summer this country can be in a bad way.

Had good Christmas services. The attendance at 6 mile was 50 for the Wed. evening program. We had a very good service the Sunday Prior too. At Salcha we had a short service then we went to 9 homes 8 of them we sang Carols. Those isolated home-steaders did enjoy it. The 9th Place the lady had eaten for the 15 of us. Then we all went to the Silver Fox road house where we sang again and acted out the Christmas Story and had my slides of Paintings of the Nativity. Mounted with Records. About 35 were there. So Christmas again a little different - but again a large one!

Gas from Credit Cards.

Place your specific, immediate needs on a separate sheet.

By this time now we feel we are pretty well acquainted with the congregation here in Wasilla. I have visited most of them and am now starting to call here in town. We have certainly been received cordially by everyone. The congregation gave us a little grocery shower and made us feel so welcome.

I made a trip up the railroad the beginning of this week. It will be reported in next month's statistics. There are only between 15 and 20 people in Curry now. Only one child. I also stopped at Willow and there are only 10 people living in town (no children) plus two or three homsteading families out some distance. A road is under construction into Willow which should be completed next summer some time. After the road is completed Willow will be a town which will probably grow very rapidly. It will bear close watching as it may be an opportunity for another new church. I was very cordially received at every place I stopped and people there all spoke very highly of both Vic Urban and Art French who preceded Vic.

I had planned on going up the highway next week but had a minor mishap with the car and must wait on a part to have it repaired. Not being familiar with these country roads here I came up on a corner unexpectedly one night, skidded on a little patch of ice, and went into the ditch. The body was not damaged but one spindle was bent slightly and as a result it drives very poorly now. I am driving it but want that repaired before I go on that long highway trip.

One lady came to help us paint in the house one day but other than that the house work has moved slowly. I've been working at it a little and have one window framed. It will be a long slow process toward completion and will call for a lot of patience for both you and us. Since it was a source of friction between Vic and the people I want to try hard to avoid that repetition even if the house is not always as convenient and attractive as it might be.

MONTHLY NARRATIVE

NOTE—Statistics tell only a part of the story of your work. Use this space to tell of your efforts, problems, successes and spiritual compensations. This will help you get a perspective of your work, tell us how you are getting along and provide the promotion department with the story of your work to give to the whole church. Place your specific, immediate needs on a separate sheet.

After being here in Wasilla now for 7 weeks we are now really feeling at home and have a feeling of security in our homewhich we have not had for a long time. For the last year or more of our stay at Yakutat there was always an indefiniteness as to how long we were going to stay and then all summer on our furlough we were all the time traveling and moving. It is good to have this sense of security once again. Our welcome on the part of the people of the church has been very friendly and gracious. The town and community of Wasilla, however, is not at all a closely knit community with strong uniting ties. Our coming is thus taken with more or less indifference by most and we find that we will have to work to make ourselves a part of the community.

A community chorus has been organized for the purpose of presenting a cantata for Christmas. All three churches are participating but yet the group is small. We have been practicing in each church several weeks.

In our church the Westminster Fellowship group is very small. Only three girls attend at all and none of these are real regular. It will be a long slow task of building it up. The only hope I see of attaining this is by starting a junior Westminster Fellowship group after school and working hard with them as they grow toward the older group.

The Sunday School too is very low and the quality of the teaching, especially for the children, is not nearly what it should and could be. Two high school girls are teaching in these lower departments and they really aren't mature enough for this responsibility although they do well considering their age. This will take tactful patient guidance to improve this.

Thanksgiving day we had services here in the morning and the Bert Rutans from Palmer were over and had Thanksgiving dinner with us.

Friday, Saturday, and Sunday, the Yukon Presbytery Youth had their Winter Forward at King's Lake Camp here. Joan spent the nights out there with them as counselor and I spoke to the group Saturday Evening.

I have visited Curry twice now and do enjoy my visits up there. The people have been very friendly and also fairly responsive. There are only about 15 people living there now and the future still seems quite indefinite for them. There seems to be a possibility of closing down the A.C.S. station and then moving the railroad depot to Talkeetna. I will be visiting Curry each 2nd and 4th Monday of the month and Willow only once a month, on either the 2nd Tuesday or the 3rd Monday of the month.

I still have not gotten up the highway because the car isn't repaired yet. We had to wait for a part ordered from the states and then when that arrived and the mechanic got to putting it on he found two more bent and needing replacing and they too had to come from the states. We are still waiting for these last two. I placed a claim to the insurance company since I have \$50. deductible collision insurance. I feel badly about not having gotten up the highway yet and surely hope I can make it soon now.

MONTHLY NARRATIVE

NOTE—Statistics tell only a part of the story of your work. Use this space to tell of your efforts, problems, successes and spiritual compensations. This will help you get a perspective of your work, tell us how you are getting along and provide the promotion department with the story of your work to give to the whole church. Place your specific, immediate needs on a separate sheet.

I have the car repaired now again and running fine. The repair bill came pretty high but since I have the \$ 50.00 deductible insurance policy my part of it was not too heavy.

I was able to make my first trip up the highway during the past month. There are not a great lot of places where people live along the way but my calls were appreciated most everywhere I stopped. I did not hold services anywhere. The one small group of native homes where Vic Urban stopped I found practically all gone out trapping. The Central Alaska Missions group from Glenn Ellen have been going there every Sunday Afternoon too to hold Sunday School and worship. At the second stop where Vic called regularly there was illness and I was not invited in. It was a good trip in all and I enjoyed it. I'll be going up once each month.

Most of our Christmas activities in the church here in Wasilla took place the week end before Christmas. Saturday morning, the 20th we had a program practice,† in the afternoon we decorated the church, in the evening the Community Chorus in which both of us took part presented a Christmas cantatta in Palmer. On Sunday morning was our regular Sunday School and worship followed by a pot-luck dinner. Then the Sunday School program in the afternoon. Sunday night we presented the cantatta again here in Wasilla--at the Assembly of God church. Then at 10:10 P.M. I caught the train for Curry and with a sigh.

The rest of the christmas season was quiet, relaxed, and enjoyable. At Curry we had a communion service and here at Wasilla on Christmas Eve we had a candle light communion service which was well attended. We had a Christmas eve supper with the Rutans in Palmer. The people of the church here brought us many gifts of food and Christmas goodies so all together we we had a very happy time for our whole family for the holiday season.

Several men of the church worked one day at the church and manse last week so a few of the waiting building jobs were accomplished.

A seminary professor of mine once said the first six months in a new parish are the honeymoon. I am convinced that this is true and we are certainly enjoying the honeymoon here. The work is not going ahead in any great strides but I am so pleased with the spirit of the whole group. I don't feel lines of tension between groups of factions within the church or between things I want to do and the will of the group.

MONTHLY NARRATIVE

NOTE—Statistics tell only a part of the story of your work. Use this space to tell of your efforts, problems, successes and spiritual compensations. This will help you get a perspective of your work, tell us how you are getting along and provide the promotion department with the story of your work to give to the whole church. Place your specific, immediate needs on a separate sheet.

With the close of January we on the field always rejoice because the annual reports are finally done. It seemed as if I spent days on end working on them this year and as I look at the volume of my own personal copies in the file one can really see where they add up to a lot of time and work. Now personal income tax is next. And while speaking of reports I would like to suggest some change in this Sunday School Missionary Monthly Report form so as to provide space for reporting attendance figures at services. I believe that this is a valuable figure to keep before one because it is a fairly helpful index at evaluating how people are responding.

In my ministry on the highway I don't find families living close enough together in groups to make possible a worship service with a formal sermon. Often, thus, I make more extended home visits, reading a passage of Scripture with the family and suggesting a few thoughts from it, and then pray with and for the family. Sometimes when there is electricity I also show a Christian film I have with me. These are not worship or preaching services in the customary form so I do not record them as such on the other side of this report form, but they are the next best thing to it that I can do under the circumstances. I am just reporting this for your benefit so that you may know what kind of ministry I try to carry on in this highway responsibility. The people always seem appreciative of my calls, sometimes make a small gift for the work which are enclosed as field receipts, sometimes invite me to a meal, and some invite me to stay overnight which I accept rather than staying in a lodge.

On literature distribution I am reporting pieces of literature given rather than pages as the column heading asks. It seems more reasonable to me.

The work at Curry seems to be going well but it is very transient so it is irregular and can be here today and gone tomorrow. Traveling up there and back during the night which the train schedule necessitates often makes the day after my return almost a lost day as I catch up on sleep.

Here in Wasilla we had a party for the Westminster Fellowship on the evening of January 1. The response in attendance was like our regular meetings—poor. With the beginning of the new month, February, we began a Junior Westminster Fellowship. We had our annual congregational and corporation meetings with a good response. New officers have been ordained and installed. We've had our first monthly teachers meeting also.

We were happy to have Miss Miller stay with us one day as she passed through on her travels.

We are now keeping a 16 year old Eskimo boy, Leonard Kungesuk, with us. He is under the Department of Welfare and attends high school here. He seems like a very fine young person. When we were first asked if we would take him we decided against it because we had no separate room for him. Miss Miller was here just later and in talking about it she suggested the possibility of finishing one of the rooms upstairs for him. Giving a second look at this we decided that it was possible and also it now provides a worthwhile project to keep the boy busy as he can do much of the work with supervision. He'll probably just be with us till the end of this school term.

MONTHLY NARRATIVE

NOTE—Statistics tell only a part of the story of your work. Use this space to tell of your efforts, problems, successes and spiritual compensations. This will help you get a perspective of your work, tell us how you are getting along and provide the promotion department with the story of your work to give to the whole church. Place your specific, immediate needs on a separate sheet.

Our Junior Westminster Fellowship has begun now with a fair response. Average attendance has been 5 1/2 and we are pleased with this but hope it will grow as time goes on. Both the Junior and Senior groups together led the worship service on February 1, the day we observed as Youth Sunday. They did an exceptionally fine job of it too.

Our women's group met once this month with the Palmer women as their guests during which Bert Rutan and I showed slides of our Church's work in Southeast Alaska. They met a second time for their regular meeting, and a third time with women of the other two churches of town for a World Day of Prayer service.

February 15 Bert Rutan and I exchanged pulpits and each of us preached to a full house. Following the service the church here in Wasilla shared in a pot luck dinner with the Rutan's as our special guests.

I have been working hard on the manse the past month. As I mentioned in my last report we have a 16 year old Welfare boy staying with us now so I have been working to fix up an upstairs room for him. It is all walled up now, the door hung, the heat is in the room and he has moved up. A lot of finishing needs to be done yet but it is at least liveable and comfortable if not attractive.

MONTHLY NARRATIVE

NOTE—Statistics tell only a part of the story of your work. Use this space to tell of your efforts, problems, successes and spiritual compensations. This will help you get a perspective of your work, tell us how you are getting along and provide the promotion department with the story of your work to give to the whole church. Place your specific, immediate needs on a separate sheet.

The activities of the church moved along in regular routine during the past month of March. On Saturday the 21st we had an all day work party at the church. There was a very good response to this and lots was accomplished. The women did a thorough job of cleaning and waxing the sanctuary as well as preparing the noon meal while the men painted, varnished, repaired seats, moved the kitchen cabinets and sink and did plumbing for it, and installed a hot air connection in the study.

On Good Friday we tried something new for us and the church. We had an oyster soup supper in the church basement. We ate quietly by candle light and during the meal different young people read parts of the Scripture story of the first Good Friday events. Then around the table, by candle light, we sang from memory some favorite hymns, I brought a Good-Friday meditation, and then celebrated the sacrament of the Lords Supper. After this we stood to close holding hands in a friendship circle, repeated the 23rd Psalm, and sang "Blest Be the Tie That Binds." It was a wonderful experience for me and I think for everyone else also.

The three churches of the community shared together in ~~our~~^{an} Easter Sunrise Service and breakfast. Our community chorus sang at this service and I brought a short message.

Here at our church the Sunday School had a special program during the Sunday School hour. For the Easter Worship service 80 attended with about 10 children more in a nursery in the manse. We do not regularly have a nursery but did for this day only to provide more seating room.

The spring breakup is upon us now so we have lots of mud and difficult soft roads. We didn't have this difficulty in Yakutat because the greater snow covering made for less frost in the ground and also the ground was more sandy which helped.

APR 13 1959

Box 55, Wasilla, Alaska
March 30, 1959

Dear Friends,

He is not here: for
he is risen" Mat. 28:6

It is the day after Easter as we write this so for us, as probably for most pastors and their families, it is sort of a time of relaxing and catching up. We have new neighbors in the little house nearest to ours. The husband is a serviceman who works at a nearby missile site. They and a group of servicemen friends of theirs were all over here with us yesterday to spend their Easter, so we had a wonderful time with a house full of fine young people. We had a community sunrise worship at the Community Hall where I brought the message and we both sang in the community chorus, and then our services here in our church. Eighty attended our worship here which was good, but not an extraordinary overflow crowd as some churches experience.

We are pretty well settled here now and really feel that this is home. The people are very nice and it is a pleasure to work with them. It is certainly much different from Yakutat, where we served before, in almost every respect. It is much like most small rural churches would be back in the "States" except that its prospects for growth are better since there are many people in the area who attend no church. Among our congregation are the storekeepers, quite a number of schoolteachers and former teachers and farmers. The homesteads in this immediate area are mostly taken up, but there are a few people coming in yet. Willow, one of the places I have stopped at a couple times on my ministry along the Alaska Railroad, will be opening up to homesteads soon since a road is being built to there. Other places along the railroad are developing, too, and will call for more pastoral care. This Railroad ministry takes me as far as the little group at Curry (about 100 miles from here) twice a month and just occasionally to other little stops between Curry and Wasilla where there are several homes. Once a month I also travel up the Glenn Highway for about 140 miles to carry on a visitation ministry to isolated families who operate travelers' lodges, hunting guides, road commission workers, etc. This traveling ministry is a part of my regular responsibility along with the ministry to this church and community. Contrary to my expectation, this itinerant ministry has been very satisfying. The isolated people are always eager to have a visitor drop in and chat and they have been very responsive. Upon returning from one of these trips, which usually require two days, one feels as though some definite spiritual contribution has been made to these folks. The arrangement of responsibility for this wider ministry is also good in that some one of our missionaries is always alert for new communities springing up and is ready to begin serving them. I only have the care of a small part of one end of the highway and railroad. A fulltime itinerant missionary serves the northern end of the Railroad as pastor of The Railbelt Church, a fully organized but widely scattered congregation. Other missionaries are also responsible for parts of the highways.

The manse we are living in is a new log house, very beautiful, modern and comfortable ("with nice big closets" ... Joan's note). It is, however not completed, so work on this is part of my job, too, and to which I give a day or two each week. At this rate it will be a long while until it is finally completed, too...but it is fun working on it, and we appreciate each little improvement (whether it be a room painted, a window moulding put on, or a door varnished) so much more than if it were all done for us.

And so you see, Claude's responsibilities here are fourfold: an itinerant, ministry to settlements along about 100 miles of the Railroad; the same along about 140 miles of highway; the ministry to the immediate, though widespread, community and church in Wasilla; and completion of the manse.

Since the first part of February, we have had a 16-year-old Eskimo boy, Leonard Kunguk, staying with us. He is under the care of the Department of Welfare and attends high school here. Since his coming we've had to get busy to make a room upstairs for him. The upstairs was all just open attic before, but now we have one room fairly comfortable and liveable up there for him. The arrangement for Leonard to stay with us is just until this school term closes.

We are all well and basking in the sunshine of this relatively dry climate. Our winter has been mild compared to reports of the Old Country's (south 45°) storms, though the spring thaw is later than usual (so they tell us). Our lowest temperature was 32° below and 20° below was fairly common, but one naturally dresses more warmly so we really do not notice the cold. Kathy loves the out-of-doors (like Esau) but needs companionship to enjoy herself and since Rachel isn't so adventurous (more like Jacob), they were indoors quite a bit during the winter. Their favorite snow play was either pulling the sled around, pushing snail trucks about on snow roads (two of which were just rediscovered during this weeks thaw), or sliding down a snow pile. Now with the spring break-up upon us and warmer days, they love to crawl over to the

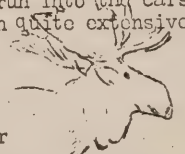

school yard (1/2 block) on weekends and swing, slide, and merry-go-round. Monkey bars are tempting, but one "good" fall has cured them of those for a while. The girls love having a "big brother" even though it means getting teased quite a bit.

I (Joan) have been keeping busy around the home, helping in the decorating, . . . sanding, painting, varnishing, making drapes. . . and in getting acclimated to a community full of worthwhile activities and organizations as well as in the church itself. One activity I enjoy is helping at the library on the one afternoon a week that it is open. (It is a very fine library run entirely on volunteer labor.) The school children are released one grade at a time on Friday afternoons to bombard us and we check out about 350 books in the space of 3 hours. Tuesday after school we have Junior Westminster Fellowship (young people) meeting in the manse. Most of these children do not attend Sunday School because of distance and indifference of parents, but by having this group right after school, they can meet together for Bible study and fun and we and one of the parents can taxi them home. The Senior W.F. meet on Sunday evening--still a group of only 2 or 4. It will take a lot of ideas, enthusiasm, and prayer to surmount the physical (mostly distance) and spiritual barriers among the youth.

A new and picturesque scene for us here are the numerous moose who come right outside our windows to nibble the tops of shrubs or the lower branches of the birch trees. During the winter one cannot drive more than a mile or so along any road or highway without seeing at least one and usually several. All too often they are crossing the road and so many have been hit by cars or they have run into the cars that they are quite a hazard. The damage done to the cars is often quite extensive. Still we thrill to see them and rush to the windows to watch them when they appear.

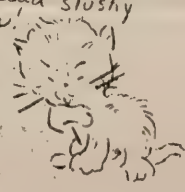

And now as we close--we thank each of you for your Christmas remembrances to us and your concern for the work here. Most of our cards are still hanging on a red cloth above the fireplace--covering the gaping hole there until we can get to putting in knotty pine paneling (when I optimistically said I was going to leave them up until we got to working on that paneling, one of our elders jokingly, but more realistically, said "They'll look rather out of place on the 4th of July"--and I'm beginning to think, they will!) We have been very remiss in our writing these past months, but since there is no way to add dignity to our apology, we'll just hope this letter helps fill the gap. We're looking forward to seeing a few of you this summer. There will always be an extra bed (or piece of floor) and a warm welcome for anyone who can wend their way to Wasilla. And we promise you a thrill as, with us, you gaze out our front windows and watch the sky lighten behind the mountains and rays of pink widen upward as the sun seeks its release from its Mountain prison in the east, and then we turn to look out the back windows and see the opposite range of mountains tinged with pink strawberry icecream at the tips and watch as it melts down the sides until the whole western range is bathed in pink glory. By then it is time to turn back to the living room and watch the sun burst forth in the east.

With love from the Forth-ninth,

Claude, Joan,
Kathryn, Rachel,

Leonard, and

Snowball, our white kitty who
was more appropriately called "slushy"
when she adopted us!

A recent thought from our family devotions was this version of God's care as found in Isaiah 49:13-16

"Sing, O heavens; and be joyful, O earth; and break forth into singing, O mountains: for the Lord hath comforted his people, and will have mercy upon his afflicted. But Zion said, 'The Lord hath forsaken me, and my Lord hath forgotten me.' (and God answers) 'Can a woman forget her sucking child, that she should not have compassion on the son of her womb? Yea, they may forget, yet will I not forget thee. Behold I have graven thee upon the palms of my hands.'"

Our Presbytery meeting in Anchorage was the highlight of last month's activities. I always lookforward to and enjoy the meetings and fellowship so much. The National Missions banquet seemed to be the high point of the week for me.

Upon returning we got our second years program of church officer training off to a start. On Friday evening, the 24th we had a pot luck supper at which I showed the filmstrip, "Our Presbyterian Heritage", from the communicant's class materials. This was for background material for the class which began on Sunday night. We plan to have a series of four two hour sessions on four consecutive Sunday nights.

Our attendance was poor at the pot luck supper and the first Sunday evening class but this was due to the death of a relative of one of our members, Mr. Fred Smith of Centwell and a ~~brother of~~ ^{brother-in-law} Esther Hansen. Mr. Smith had been in the hospital in Anchorage the month prior to his death. His body was brought here for the funeral service and burial in our local cemetary. This was on the same Sunday our class began so naturally attendance was down for the evening.

The train scedule has changed now to a daytime scedule which results in it requiring 2 days and a night now when I go to Curry. This last time I got a ride on a gas car back as far as Talkeetna the second day so I did a bit of visiting there. There is one family there who would like to have me come regularly and begin a work but I don't feel the time is right yet for that. The artic Missions are continuing there work there. The present missionaries are leaving for furlough soon but a replacement will fill in during their absence.

Place your specific, immediate needs on a separate sheet.

New families continue to move up here in this area very fast. I would guess that 50 to 75 new families have moved up here within a 15 mile radius of Wasilla during this spring and early summer. Most of these have come up to homestead. A few have gotten started in our church but not many. Most of the new families I have not even been able to get out to call on yet. So much calling needs to be done but because of the many demands on my time so little seems to get done. I s

I spent one day up the railroad during the month in an area that is being homesteaded rapidly also, Montana. I did a lot of walking that day calling on five families scattered about on homesteads but there are others and many more have filed and plan to move in. This area lies along the planned new road from Anchorage to Fairbanks. The road right of way has already been obtained and cleared so the road will be up there in a year of two.. I think we may be able to get a Sunday School started there by fall but more calling needs to be done.

All this needs to be done and then to look at the summer scedule is frustrating. Right now I am tied up in Vacation Bible School. Then in just two more weeks I will be taking part at King's Lake Camp for two weeks, then one and one-half weeks of vacation, then two weeks when the work team will be here to work on the manse, then only two more weeks for combined vacation and work before the first of September and the beginning of school.

Work on the manse is progressing but is also time consuming. People have been helping but I am tied down to help work also practically each time someone else comes to help. The work team wshould accomplish a lot on the exterior and we are grateful for the prospect of their coming. We already have some of the exterior sanded and varnished which really improves the appearance.

We finished our 2nd year C.O.T. program during the past month. The response in attendance was not good but those who did come appreciated it greatly.

Place your specific, immediate needs on a separate sheet.

Our Vacation Bible School was our big emphasis during the past month and we were pleased with the response of parents and children to it. Our enrollment was about 38 with an average attendance of about 32. Our teaching staff was adequate so we were able to care for and direct the group very well. Children from quite a number of families who do not attend church came and we hope the opening afforded will lead to a closer relationship to these. We used Scripture Press materials this year. It was the teachers' choice and the first time I had worked with it since 1952. It does have its weakness, but on a whole it is good sound material. After working with our own Presbyterian materials for five years and then this, I feel that Scripture Press is in overall respects the best and contributed in a large measure to the success of our school. 60 people attended our closing program.

A work crew of men completed two jobs around here this month. One evening they worked to paint the sanctuary and on a Saturday they worked pouring concrete for the front steps of the manse.

On Sunday night, the 28th, Gene Dinkel and Allayne Nelson were married here in the church. Including those standing at the door outside there were approximately 140 persons attending. It was my first formal church wedding. The bride and groom are both children of leading families of this church and a very fine couple. They will leave for college again in the fall.

Joan and the girls went along with me up the Highway this time. It was nice to have them along and they enjoyed it, too.

Place your specific, immediate needs on a separate sheet.

Most of the month of July was spent away from Wasilla here as the other side of this report indicates. This was my first experience of having any part at all in a church camp. It was enjoyable experience and I learned more than any of the children did, I'm sure. The second week of camp turned out to be a very miserable one so far as weather was concerned as it rained every day all week and was also very cold. Naturally such weather affects the disposition of everyone very much and thus made the camp much harder than the first week.

The whole family went with me on my visit to Curry this month. We drove to Willow first and caught the train on from there so we would have the car to get around to call in around Willow on our way back. A lot of new homesteaders have moved in around Willow there and are just beginning to build and cut roads. We spent one very long day calling but made only 5 visits because roads were so difficult. One road on which three families were living was only a caterpillar trail 2 1/2 miles long and this was so slow going. ~~There is practically always someone living at the end~~ To find the people one just has to start driving down any old trail off the road and keep going. There is practically always someone living at the end of it. They have enough children there now for a school and have prospective teachers and a building lined up already. I hope I can get a Sunday School and a regular work started there too if this school materializes. I could certainly use the help of a full time man for this growing railroad work. One person could be kept very busy developing this railroad work alone. It appears now as if the railroad will close down the Curry station and installation this fall or winter sometime and move it to Talkeetna. This poses the question of whether we will want to move into the Talkeetna situation. I was hoping that I would get to see you when the seminar group came through here to discuss some of these things.

We took nine days vacation during the month going up to McKinley Park and camping out there. Again because of much rain and cold weather we didn't enjoy ourselves too much but it sure made a warm dry home seem welcome upon returning. Fred Cristen supplied the pulpit during our one Sunday absence from Wasilla. We will take another Sunday off in August when Mr. Robert Nichols will supply the pulpit.

After the discussion at the spring Presbytery meeting of the difficulties Anchorage churches are having of obtaining locations large enough for adequate facilities our church here decided that they should buy another lot while it was still available. We have thus bought the lot lying directly behind the two we already own. It was owned by a member of our congregation who sold it to us at the most reasonable price of \$ 150. It was purchased in the name of the Presbytery of Yukon, Inc. as the presbytery also holds title of our other property.

On the 19th of the past month we had an all church picnic up in the mountains north of here. It was one of the few days during the month when we really had beautiful clear weather. We had our church service up there on the mountain side first, followed by a pot luck picnic dinner and a nice time of fellowship. The attendance was very good and the experience of the whole day was certainly an uplifting one.

Place your specific, immediate needs on a separate sheet.

The highlight for the month of August here in Wasilla was the visit of the work team. These were certainly a wonderful group of dedicated young people. They worked long and hard during their one week stay and accomplished a lot. We wished they would have stayed for the two weeks they were originally scheduled to stay here because there is lots more work they could have done. and they were such a fine group to have around. During this week the logs on the north and south sides ~~xxx~~ of the house were sanded, caulked, and given one coat of Varnish. Also the siding on the gables on both ends was put on and varnished.

We took 5 days off for vacation last month breaking it into two short trips. One was a drive to Valdez and then we came back home to spend a day here helping on a work party at the church and then drove to Seward. The Rev. Robert Nicholl supplied the pulpit while we were gone. We have taken less than two weeks off to be away from here this summer so I have been doing quite a bit of work on the manse and considering that as vacation time. I've been doing more varnishing, caulking, electric wiring, fitting storm windows, and lots of other odd jobs needing to be done before winter.

We had quite a flood here in the Valley this past month. It was the worst they have had in many many years. Most roads were covered or washed out, many bridges washed out, and a few homes were lost. The overall damage was heavy.

We have been privileged to receive four people into the membership of the church during August. They are Gene Dinkel who grew up in the church, Mrs. Leslie Green who has been regular in attendance and the work of the church for a long time (she was also baptized), and Mr. & Mrs. Darel Smith a young couple who have recently moved into the area. Mr. Smith is in the service presently But they have filed on a homestead here which he plans to develop as soon as he is discharged.

Place your specific, immediate needs on a separate sheet.

During September we had one work day at the manse again and this time got the second half of the concrete for the basement floor poured. We got a poor finish on it because the ready mix concrete we got was too coarse. Other jobs completed on the manse were new basement stairs, and the new first floor storm windows fitted, varnished and hung. Work has also been begun on building a small roof shelter over both front and rear entrances.

We have begun a series of six leadership classes for Sunday School workers. Attendance at these have been disappointingly small.

I made a visit to Montana Creek during the month and was well received. We had a nice gathering one night with 14 persons out. A school has begun there since my visit and Mrs. Steens, a presbyterian from Faith Church, Anchorage, as teacher. She is interested in helping to organize a Sunday School and so I hope it will be a reality before too long.

MONTHLY NARRATIVE

NOTE—Statistics tell only a part of the story of your work. Use this space to tell of your efforts, problems, successes and spiritual compensations. This will help you get a perspective of your work, tell us how you are getting along and provide the promotion department with the story of your work to give to the whole church. Place your specific, immediate needs on a separate sheet.

REPORT NARRATIVE

Attendance at church is picking up again now, after the summer slump. A special invitation was mailed out to everyone for World Wide Communion Sunday which helped to set the pace for increased attendance.

We observed laymens Sunday with men of the church taking over the whole service except for the benediction. I had the privilege of sitting in a pew for it all.

I visited Willow again during the past month and there were certainly a large group of new homesteaders there. Most are Protestants and they want to get a church started but we have no place large enough where we can meet. They have a school now, some over 40 pupils enrolled, but we cannot use that building. I tried to make arrangements with the railroad to lease their vacant depot for a short time but was refused here too. There is a combined bar and trading post but some seem to object to using that. I'm going back soon again and if nothing else appears I'm going to look into the possibility of buying a surplus Quonset hut that can be moved down there. Unless we hurry the Baptists are going to move in ahead of us. I wish I had more time to devote to this group. The highway to there is completed now so they are less than an hour away from Wasilla by car, and would easily be served regularly with Wasilla as a two point field.

Our Senior youth group in Wasilla continues to struggle along with only two or three attending. We just seem to be unable to attract any of the other young people of the community and even a couple from our own church never attend. They never have attended at all since we've come here a year ago.

I hope our present junior highs will continue to show more interest as they mature.

MONTHLY NARRATIVE

NOTE—Statistics tell only a part of the story of your work. Use this space to tell of your efforts, problems, successes and spiritual compensations. This will help you get a perspective of your work; tell us how you are getting along and provide the promotion department with the story of your work to give to the whole church. Place your specific, immediate needs on a separate sheet.

Christmas activities in the program of the church took up the biggest part of our time during December. On, Sunday the 20th the Sunday School presented their program in connection with the morning worship and Mrs. Norma Hoyt of Anchorage was our special guest to present some colored slides. Our theme for the whole worship was "Christmas Around the World."

On the evening of the same day the community chorus presented a program of carols. I participated in the program as the narrator. One of the school teachers directed the choir and program and it was excellently done.

On Christmas Eve, the 24th, we had a quiet candle light communion service. This is certainly a meaningful and impressive way to enter into the Christmas day.

We had two work days here to work on the manse and to do a little painting at the church during the Christmas vacation. Here on the manse we worked to re-inforce the sinking supports for these floors. Most of our needed materials have and are being donated so it is not costing much money but it is sure a lot of work. It will take another days work to finish it but we are waiting on a couple heavy timbers now which one of our men is going to cut for us.

Curry has now been closed down. I went up there for the last time this past month. The depot and A.C.S. offices have been moved to Talkeetna but most of the people have bid into jobs elsewhere so only three Curry people have moved to Talkeetna. One or two single men will remain on jobs at Curry yet too.
